

Hound Tor - some things to keep you busy during next week

- PE - If possible, please get outside and into the fresh air. It is REALLY important that you don't stay inside all day. You need to do this every day. Keep active! The weather forecast for next week is dry and sometimes sunny, so please make the most of this and spend time outside making sure you get some Vitamin D!
- Read! Fiction or non-fiction, choose something you're interested in reading, and get lost in a book. If you come across any words you don't understand, ask an older brother or sister or an adult to explain them to you.
- Maths - fractions - please see the handouts.

Google - 'hit the button' and this will give you lots of quick fire maths, so you can practise your number bonds (including decimals), doubling, halving, times tables and square numbers.

For other maths games, google 'top marks maths' and remember to select the red tab which says 7-11 years. Have a look at what there is eg. measures, ordering and sequencing numbers.

- Learn to tell the time, and if you can already do it (and I know that lots of Year 4 can), try learning the 24 hour clock. Online games to practise telling the time will be in the 'measures' section of the top marks website.
- Writing. Keep a diary for the week.
- Art. Choose a window to look out of and draw the view that you can see.
- Music. Choose a favourite song and make up a dance routine to it! Maybe you could teach the class when we come back to school and if we can do it, perhaps we could perform it in assembly....

- 9 letter challenges:

E	G	R
N	A	G
I	N	D

E	B	A
U	T	L
F	I	U

E	C	T
C	A	O
O	H	L
