Monday 11th May 2020

Dear Parents,

Many of you will have watched the Prime Minister's announcement last night which included the possibility of schools reopening on 1 June for FS, Y1 & Y6. As you can probably imagine, this has raised many more questions for us than there are answers at the moment! There are no guarantees that this will happen and we are waiting for further advice from the government on what it could look like. Until there is greater clarity we will continue to follow the advice we already have from the government and will keep you informed as we know more.

We currently open for children where both parents are classed as key workers and will continue to do so. Please do not bring your children to school unless you are on that list. I will let you know if that guidance changes. I am sure you will understand that our aim is still to keep everyone safe.

Thank you once again for your support during these difficult and extraordinary times. We will keep you updated as we hear more, as you can imagine there will be many meetings as things become clearer as to just how we will put the guidance in place. There are still many of our staff who are having to isolate or shield as they are classed as vulnerable and this won't change for a while.

I am sorry I cannot give you any answers to questions you may have at the moment, we all heard the message at the same time so it will take some thought and careful consideration.

Kind regards

Executive Headteacher
